Overall purposes of the LCIPP

"The platform has been established to strengthen the knowledge, technologies, practices, and efforts of local communities and indigenous peoples related to addressing and responding to climate change, to facilitate the exchange of experience and the sharing of best practices and lessons learned on mitigation and adaptation in a holistic and integrated manner and to enhance the engagement of local communities and indigenous peoples in the UNFCCC process."

- To strengthen the knowledge, technologies, practices, and efforts of local communities and indigenous peoples related to addressing and responding to climate change,
- To facilitate the exchange of experience and the sharing of best practices and lessons learned on mitigation and adaptation in a holistic and integrated manner and
- To enhance the engagement of local communities and indigenous peoples in the UNFCCC process

Proposed draft initial two-year workplan

1) **Annual meeting** in conjunction with the sessions of the COP, with the participation of indigenous peoples, on crosscutting themes related to addressing and responding to climate change;
2) **Regional gatherings** with the participation of indigenous peoples, Parties and local communities, as appropriate, focused on threats to and impacts on specific ecosystems from climate change, and on sustaining livelihoods;
3) **Indigenous peoples' curricula**;
4) **Annual thematic training workshops** to build capacity for engaging indigenous peoples, local communities in the relevant work under and outside the UNFCCC process;
5) Develop outreach/dissemination plan and **thematic training materials**;
6) **Develop recommendations** for consideration at SBSTA 54 on the engagement and input of indigenous peoples and local communities across the UNFCCC process;
7) **Mapping existing policies and practices** for the participation of indigenous peoples and local communities in climate change related bodies and processes under and outside the Convention

Proposed draft initial two-year workplan

8) A **multi-stakeholder in-session workshop** on enhancing synergy and interaction with climate change related bodies and processes under and outside the Convention;
9) Mapping existing policies, actions and communications, including NDCs, NAPs and other relevant policies and communications under the Convention, with respect to whether and how they incorporate consideration and engagement of indigenous peoples and local communities;
10) **Good practices** for indigenous peoples and local communities participation in national climate policy;
11) **Mapping and reporting on existing funding** within the United Nations system, and identify additional funding opportunities for the participation of indigenous peoples and local communities from all regions related to climate change;
12) **Promote the LCIPP** at the national and regional level
