

UNFCCC Meeting Report **New collective quantified goal on climate finance - Informal consultation: CMA 11 (a)** (Negotiating Session)

Prepared by: Israel Fulton and Mariah Jacobs, Washington University in St. Louis.

Meeting: COP29, Baku Azerbaijan

November 15, 2024

Time	Session/Agenda/Event Title	Location
7:30pm - 8:30pm [~7:45pm - 7:55pm]	New collective quantified goal on climate finance - Informal consultation: CMA 11 (a)	Meeting Room 12, Area C [Overflow, Meeting Room 7, Area C]

Key Takeaways:

- The United Kingdom summarized the status of the informally negotiated draft text.

Notes:

Co-Chairs	● Streamlined the draft negotiation text. ● Did not go beyond streamlining if submissions went beyond that. ● We encourage parties to take it from here through your own engagements. ● There is a hard deadline of 10am to return to the presidency. ● This room is reserved for the rest of the evening.
United Kingdom	● Summary of work from yesterday (informally facilitated): ○ In the transparency section, option 1 could be removed. ○ Options 2 and 6 of section 9 could be merged. ■ <i>From discussion with those with access to the draft text, it appears there are no options 2 nor 6 within section 9. There is consensus between note-takers that we heard the same statement.</i> ○ Access can be clustered along the themes of climate funds, bilateral, multilateral and capacity building.
Co-Chair	● Seeing no other flags, we close the meeting. ● Submit new submissions by 0700 on November 16.
